2009 BREEDER DIRECTORY

These breeders are members in good standing of the Tibetan Spaniel Club of America, Inc., and have signed its stringent Code of Ethics. The TSCA does not endorse the quality, health or temperament of any Tibetan Spaniel sold or placed by any breeder.

These breeders will have puppies occasionally, and will sometimes have adults available for placement. Some will have stud service available, but only for carefully selected and approved breedings.

Be prepared for the breeder to question you closely about the pup's prospective home and family – we try to find the best possible permanent home for each of our precious puppies and adults.

For detailed information about litters and young adults currently listed with us as available, contact Breeder Referral:
